Proven herd sire that has been used in our herd. This bull is something special. He was selected as the number one bull out of a very strong line-up of the 2022 bulls. His dam is a thick, deep, broad cow that is a prolific producer and she produced the top 2023 heifer calf as well. Maternal granddam is also a tremendously thick, deep, broad cow that goes back to world-renowned bull WARDS 2/34 and the Millionaire HK 61/9. Her only other daughter has also produced a herd sire for us, RV23/2, who is currently being used in the herd. He is a son of BON 14/05, the SA National Champion bull at Parys. This outstanding bull is certainly a genetic powerhouse.
